

- The colours are not correct of the border.
- Is there a hyperlink to the exact position on the map?
- From here Im unable to identify my blocks on the map

- Unable to create a raffle. (ref I tried to create one for 20,000AED on 2 occasions).
- On Map: right hand side is low number of 1,2,3 and left hand side number is higher on the columns.
- Unable to change tile zones.
- My purchases are not there (David Devine)
- I was able to create an EE by copying the ID Code and incorrectly nominate the wrong zone. These should be linked?
- Unable to see the menu for typing in:

- Unable to add new image to EE
- Dates are in USA format (Change to English)
- Only a refresh on the map and I can see the purchased block.
 - It did not prompt me to add in an image and ruins the customer journey. I could not find the block.
- Latest Easter Egg Created – I bought it. Nothing happened on map. No surprise reveal, a refresh only shows my block ready to upload image now. EE in the legend went down from 4 to 3 only.
 - Admin area nothing happened. Still shows pending.
